School Newsflash

By: The Fourth & Fifth Grade “Organisms”
We’re all joining in to get ready for Catholic School’s Week. The hall is being painted and we’ve been making rainforest animals. Wait til you see everything – it’ll blow your mind!

In science, we’ve been studying the body and its systems. They are groups of organs that work together to do a specific task and there are 10 of them. We did a lab on the circulatory system to discover how the heart pumps blood. It was cool!

We are working on creating poems in Language Arts. Look for them during open house. We also chose a poem to practice out loud to present to others.

Finally, we have more fish! We hope that Mrs. Beschta doesn’t kill them again!

Rosary (acting out the mysteries), School Appreciation Mass & Soup Supper

Saturday, February 4

To show the schools appreciation to the parish for their support, the children will host a series of events. The evening will start out with rosary at 3:15 PM, where they will be acting out each mystery. This is a must see! You will be touched as you witness the children expressing our faith. Next, they will participate as the liturgists at the 4:30 PM evening Mass. Following Mass the school will host a soup supper. Supper will include a large variety of home made soups, hot dogs and desserts. Carry outs will be available. A free will offering will be taken with proceeds to benefit the school. Anyone willing to make and share their homemade soup is welcome to add to their assortment.

Thank you for all the support you have given us throughout the years. Please remember our school, students and staff in your prayers.
